Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lincoln Square District Management Association, Inc. as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Note 1 - Summary of Significant Accounting Policies

The Association

Lincoln Square District Management Association, Inc. (Association), a not-for-profit organization, was incorporated in the State of New York on December 6, 1996. The Association is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal, state or local income taxes has been recorded. The Association does not believe its financial statements contain any uncertain tax positions. The Association primarily receives its support from a real estate special assessment levied by The City of New York (City) on properties located in the Lincoln Square Business Improvement District (BID). The BID's boundaries are approximately Broadway from 58th Street to 70th Street, and Columbus Avenue from 60th Street to 68th Street, as well as two blocks on Central Park West and the east side of Amsterdam Avenue from 60th to 70th streets.

The Association's programs (as initially disclosed in the district plan) include the following: Safety - providing increased public security and general assistance through a combination of uniformed security officers/ambassadors and a working relationship with the New York City Police Department; Sanitation - maintaining clean streets/curbs/sidewalks and garbage removal; Marketing & Promotion - promoting the district to residents and tourists and to retain and develop prospective businesses; and Public Improvements - improving the overall appearance of the district through a combination of beautification and other projects.

As part of its commitment to social services, the BID's sanitation and area maintenance program includes utilizing the services of Goddard Riverside Community Center's Green Keepers, a training program for the formerly homeless, who are under contract with the BID to clean the malls five days a week. The BID also works with Midtown Community Court which provides nonviolent offenders who perform community service work in the district five days a week.

Basis of Accounting

The financial statements of the Association have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

In accordance with GAAP the Association is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. In addition, the Association is required to present a statement of cash flows.

Cash Equivalents

For the purposes of the statements of financial position and the statements of cash flows, the Association considers as cash equivalents money market funds and all highly liquid resources, such as investments in certificates of deposits and treasury bills, with an original maturity of three months or less.

Note 1 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

Management uses estimates and assumptions in preparing the financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Property and Equipment

The Association capitalizes certain property and equipment with estimated lives of three years or more. Property and equipment are stated at cost, less accumulated depreciation. Depreciation of furniture and equipment is computed by the straight-line method over estimated useful lives ranging from three to ten years. Leasehold improvements are amortized by the straight-line method over the life of the improvement or the term of the lease, whichever is shorter. Expenditures for repairs and maintenance are charged as an expense, and major renewals and betterments are capitalized.

Revenue Recognition

The real estate assessment levied by the City is recorded by the Association when earned. The City remits these assessments to the Association in two installments. An allowance for doubtful accounts is not provided because all assessments are received in the current year. Assessment billing adjustments are corrected in the next billing cycle.

Program service revenue relates to fees received in exchange for program services and includes banner sponsorship. Revenue is recognized when the program service is provided. Any revenue received which has not been earned is recorded as deferred income.

Contributions are considered available for the Association's general programs unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor are reported as temporarily or permanently restricted support and increases in the respective class of net assets. Contributions received with temporary restrictions that are met in the same reporting period are reported as unrestricted support and increase unrestricted net assets. Investment income and gains restricted by donors are reported as increases in unrestricted net assets if the restrictions are met (either a stipulated time period ends or a purpose restriction is accomplished) in the reporting period in which the income and gains are recognized. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets.

In accordance with grant provisions, grants are recorded as revenue when earned, either through expenditure or accomplishment of a specific goal or benchmark. All unreimbursed expenses as of the period-end are recorded as a receivable and all advanced funds not expended are recorded as refundable advances.

Note 1 - Summary of Significant Accounting Policies (Continued)

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of activities and in the schedule of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The Association allocates salaries based on estimated time and other expenses are allocated based on usage. The Association classifies expenses, which are not directly related to a specific program, as Management and General expenses.

Receivables

Receivables that are expected to be collected within one year are recorded at their net realizable value. Receivables that are expected to be collected in future years are recorded at the present value of estimated future cash flows. All receivables are expected to be received within one year and as such have been stated at their net realizable value with no allowance for uncollectable receivables.
